The 2012/2013 yearbook records another chapter in the history of West Island College; the text and the pictures capture the excitement and achievements of this now completed school year.

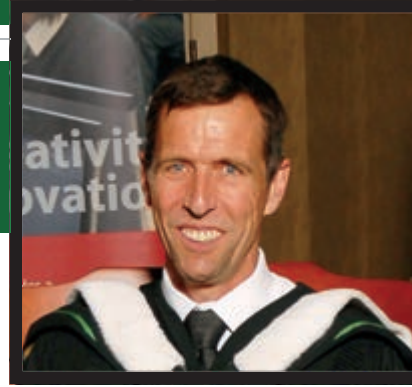

As I look through the yearbook, one of the thoughts that comes to mind is the W.I.C. community: the students, the teachers, the staff and all those who contribute to the College. The W.I.C. community moves, splits into small groups, travels overseas, plays volleyball, performs plays, studies, forms clubs, writes summatives, goes down the hill for lunch, has a dance and serves a lot of ice cream. The community, which is always around you, offers continuous learning and leadership opportunities, eureka moments, growth moments and maybe even a chance to grab your 15 minutes of fame! In the W.I.C. community you are not anonymous – take a look through the yearbook; we can see your picture, find the clubs you belonged to, the school teams you played on, and maybe, if it was outrageous enough to attract the attention of a camera, what you wore on grub day, spirit day or theme day!

W.I.C. provides a learning experience that is described by words you have heard many times, seen on banners and read in newsletters: global, whole child, respectful, relevant, 21st century, citizenship and personalized. These words are all about you, all about the student. I know that you have learned much more than just the curriculum this year. You have taken part in conversations and have debated questions that may have a single answer, many right answers, or no answer at all. At every opportunity draw on your W.I.C. experience and recall the skills that were nurtured, as you were pushed to deal with challenges that were just out of your then-current reach, and could only be solved by stretching your mind.

The teachers deliver the educational experience that is W.I.C. both in the classroom and through their support of the vast extracurricular program. The executive, administration and support staff of the College provide the tools and environment that make it possible. I thank everyone for their commitment to W.I.C.'s mission, vision and values. Finally, thanks to the Board of Directors for their insight, leadership and perspective.

2011/2012 was a great school year. I look forward to seeing what the W.I.C. community can accomplish in 2012/2013 as the year-long celebration of the 30th anniversary continues!

What has been a defining moment

"A defining moment for me on the board has been the shared vision, teamwork, and group decision-making that occurred at the 2012 retreat which has resulted in a very positive network of relationships and a strong W.I.C. community."

Dr. Tish Doyle-Baker

"A defining moment for me has been obtaining a much better appreciation for the dedication, passion, and enthusiasm of the W.I.C. faculty and leadership team."

Mr. Tim Kitchen

Ms. Carol Grant-Watt

Head of School & C.E.O.

The teaching profession is an incredible vocation, and serving as a teacher and as a leader at a school is a privilege; I have always loved the work, in spite of the inevitable challenges that occasionally present themselves. It may seem self-evident, but joining such a well-respected educational institution as W.I.C., and embracing yet another new role, has been a "defining moment" for me over the last three years. However, the "moment" part of "defining moment" occurred for me during a Social Studies class I was teaching first semester. I had returned to the classroom after a six year hiatus, and I found myself wondering if I could even remember what to do! Honestly, to look into the faces of my new students, I was momentarily overcome with panic! In my mind, I returned to a day 12 years ago when I was teaching a Social Studies 30 class in which my son was a student. We were vigorously preparing for the diploma exam when he and I made eye contact and I realized, for the first time from a parent's perspective, how much the success of our children matters. I don't mean just academic success – as important as that is. In that moment, my hopes and dreams for his success became larger than life and I realized, perhaps for the first time in my career, the true importance of my role as teacher.

In my new classroom at W.I.C., recollecting that moment with my son, the defining moment came full circle. I was filled with renewed excitement and enthusiasm for the work in front of me, and was reminded that, in order to realize one's potential, one must embrace uncertainty and take risks. In that process, we risk failure, rejection and disappointment; however, if we do not embrace the opportunity, we risk not realizing the joy and the potential of all life has to offer. In that moment, I recollected Amelia Earhart's poem, "Courage."

The defining moment for me this year was, and is, recognizing that a little courage allows us to dream big and to realize, in the words of Ursula LeGuin, that "it is the journey that matters in the end." As a teacher and a leader in the school, I get to be part of the journey, and I relish that fact.

It is a privilege to be allowed to share in your journeys.

Thank you, Carol Grant-Watt

"Courage," by Amelia Earhart

Courage is the price which life exacts for granting peace.
The soul that knows it not, knows no release
From little things;

Knows not the livid loneliness of fear
Nor mountain heights, where bitter joy you can hear
The sound of wings.

How can life grant us boon of living, compensate,
For dull gray ugliness and pregnant hate
Unless we dare

The soul's dominion? Each time we make a choice we pay
With courage to behold resistless day
And count it fair.

as a Member of the Board?

"A defining moment was the first Board retreat at C.O.P.. It was great to interact with students, teachers and Board members, thinking about the future. Another moment was when our youngest child attended W.I.C., so that we had all three kids at W.I.C. It was a special day."

Mr. Brian Grassby

"A defining moment was participating in the development of the long term finance plan, and seeing how this fits into our C.A.I.S. accreditation – which will help us continue to improve. Attending the Dragons Den event last year and seeing so much energy and talent in the student body was also a defining moment."

Mr. Stephen Willis

BOYD BELISLE Head of Secondary Education

In December 2011, Mr. Belisle left the College to pursue new and exciting opportunities outside the field of education. At a farewell assembly held in his honour, students and staff remembered him warmly in an address, part of which is reproduced here: "I remember first meeting Mr. Belisle in his French classroom. I was immediately impressed by his organization and his meticulous attention to detail. I was also impressed by the fact that he had a Black Belt in martial arts, and from that point forward, I vowed to stay on his good side. Fortunately, this proved to be easy, as it was difficult to find his bad side! ... Part of what made Mr. Belisle such a great educator is that, first and foremost, he always had the students' interests close to heart. He is a true student advocate and we have benefitted from him helping us to see things through the eyes of not only the teacher or the administrator, but of the student and the parent." ~ Steve Smith

Regarding defining moments, Mr. Belisle would suggest that each of us peruse the pages of this yearbook and reflect on our own defining moments as we smile at images of last year's events, which are already receding into the mists of time! And he would exhort each of us to consider what we want our lasting legacy at the College to be, remembering that it is through the small, seemingly insignificant events and incidents that our true colours shine. The awards and the medals and the report card marks have importance in their own sphere, and we can reflect upon them fondly, but it is how we conduct ourselves each day, in relationship to the community around us, that we truly define ourselves, and how we will henceforward be remembered by those we once knew. In the words of Shakespeare (one of Mr. Belisle's favourite authors): "This above all: to thine own self be true."

~ Au revoir, Monsieur. Et bonne chance!

And in every Yearbook address since he has been Head of Secondary School, he has always reminded us of the exceptional work of the people who produce this book each year. So, in his tradition, let's say a huge thank you to the wonderful Yearbook Team!

Defining Moments

What do you believe has been a defining moment for West Island College?

A-L

TRACY ARMITAGE Assistant Principal

I have had the opportunity to celebrate many defining moments during my career at West Island College because wonderful things happen in our school on a regular basis. There are three types of moments that resonate with me the most: the first is when a student, after working hard, finally grasps a concept or reaches a personal academic goal; the second is when I witness an act of kindness or generosity within our school community; and the third is listening to alumni reminisce about the great experiences they had at W.I.C.

Defining moments can present themselves to us in many ways and at many different times in our lives. I am sure that for each of us, we can look back on this school year and highlight a defining moment. Some may be able to find that moment in the classroom while focusing on an academic program; others may find it in their participation in an extracurricular activity. Recollecting that personal defining moment is significant, as it becomes the moment that forever defines for us an activity, an event or even a whole year.

As I look back on the past year, I can highlight a number of significant and meaningful events; however, perhaps because I am an athlete and a coach, I always get drawn to the competitive arena. The event that comes to my mind, then, occurred early in the year on the cross country field. It was during a meet when I witnessed something remarkable. Ours was a smaller team, but we felt that, given this group of very dedicated athletes, we could do extremely well this season. One of our strongest runners on our team was a Grade 11 student who we anticipated would be a strong individual competitor and also a strong leader for the entire team. The race began; the team had a great start and, as the runners passed us at the quarter mark of the race, the finish was also promising to be strong. However, as the racers approached the finish line it became apparent that something was wrong: two of our girls failed to show up with what we had confidently expected to be good times. We started to trace the course back from the finish line and finally discovered our two runners. It transpired that one of the girls had twisted her knee during the race and her teammate, the girl whom I had anticipated placing in top position, had stopped to help her. In doing so, she had given up her personal opportunity to achieve the finish which she was capable of achieving.

As relative newcomers to W.I.C. (the other coach was also only a month into the W.I.C. year), this unselfish sacrifice for a teammate spoke to both of us regarding the sense of community and caring that exists at the College. It not only gave us a clear picture of this individual's personal makeup, but gave us a snapshot of the entire community. And we recognized that, if this is the culture that we can expect at W.I.C., it is one of which we can all be proud. Thanks, Alex, for your selflessness and leadership; you are an excellent representative for your school.

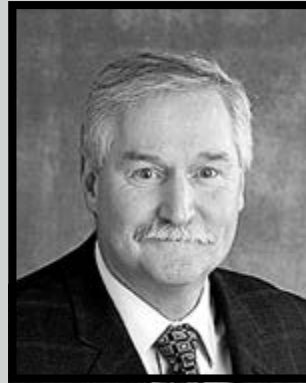

As you flip through this year's yearbook, I encourage you to reflect on your defining moment(s) from this year, and hope that among your trophies and awards and accolades, you stop to acknowledge the small acts of kindness and generosity that are also such a significant part of your high school experience.

Having been a part of W.I.C. for such a long time, finding one defining moment for me is next to impossible. However, I can tell you that having attended 24 graduation ceremonies and consistently seeing the development of well rounded, academically prepared, confident and ambitious young adults exit our building, I know that we are engaging our students in a multiplicity of defining moments.

PIERRE POITRAS
Head of
Technology & Learning

After twenty plus years, defining moments get blurred. Two types come to mind. Firstly, there are the everyday ones, or the awe moments when a student discovers something important about him or herself, and understands and resolves a difficult problem. These simple things are what make me grow as a teacher. The second type is the return to West Island College of our alumni, whether as teachers, board members, or, in the most recent case, as experts in communications and technology. To me, these are the defining moments that contribute to the growth of the W.I.C. community.

Thank you to the entire Students' Council for their efforts in organizing some fun-packed events this year. The Halloween Fair was AWESOME. Dance themes included 'Neon Lights' and 'Back to the Future'. Students also enjoyed many free BBQ lunches! The Junior Track and Field Spirit Day was beautifully sunny (due, I'm sure, to the efforts of your Students' Council!) and Students' Council provided free Freezies and some fun races. Here's to more funky ideas for 2012-13!

We kicked off the year with Movember, an initiative in which male students and teachers grew out their moustaches to raise money for prostate cancer. It turned out to be a huge success; over \$12 000 was raised and True and Reid were crowned the official "Man" and "Miss" of Movember, (Reid adding the honour to his already existing Lunch King title). The Grade 7 sleepover definitely brought us closer as a Council; the Grade 7's attempts to "jailbreak" were ruthless, and their energy for dance parties and dodgeball were endless. Rent-A-Prefect raised over \$1,000 for the Fontaine Foundation to help street boys in Mozambique, a large portion of which came from an epic battle over Connor (fueled and charged by his ever-present posse of Grade 8 admirers). Frost Night brought together the W.I.C. community on the O.D.R. and by the fire. We spearheaded an initiative from the beginning to get the Prefects volunteering in the community; "Jesus Loves You" impacted us all, and was an incredible organization with which to volunteer.

A HUGE thank you to Ms. Grant-Watt and Tina. Thank you for believing in us, supporting us, and help making our dreams and visions a reality. It's been a long ride with many ups and downs, but the laughs and memories we've shared will last a lifetime.

Peer Support

What you DO proves what you BELIEVE...

In September, the **new Co-Facilitators** within Peer Support worked hard at the Leadership Retreat to plan and prepare for an exciting year. The investment in our group lead to the success of our **3rd Annual Holiday Dinner Theatre** in December where we provided Christmas dinner and evening entertainment to **15 families struggling with poverty** within Calgary. The Dinner Theatre is a huge undertaking for our group and we are very proud of everyone that volunteered to make this evening a night to remember for our guests. The **Card-Making Extravaganzas** continued each term this year; students and a few parents volunteered their time Friday evenings to make hand-made greeting cards. Through the sale of these cards, we raised approximately **\$1500**. The majority of the profits from the sale of the cards were used to purchase groceries and supplies for the **Brown Bagging for the Calgary's Kids Program**. A very special thank you to Christie Chalifoux, her family, and the regular weekly volunteers who provided close to **500 healthy lunches** for children. We celebrated **International Women's Day** by presenting the important women in our lives with a rose to honor their importance to each of us. **Common Ground** and **Chick Chat** were two new groups that began this year. Common Ground is a group dedicated to promoting a culture of respect and acceptance by offering students and staff opportunities to actively recognize and understand the challenges brought forth by discrimination and stereotypes. Chick Chat focuses on building relationship skills in young women by providing mentoring opportunities between senior high and junior high young women. In May, we hosted our second **Garage Sale** where we raised approximately **\$5000.00**. The Garage Sale profits were donated to the **Opening Gaits Therapeutic Riding Society**. Next year, we will be choosing a horse that the garage sale money will sponsor for one year. Peer Support's goal this year was to cement the belief, that what you do, does indeed prove what you believe, and this was possible due to the dedication of the Peer Support team, and specifically because of Pam's hard work. **Thank you Pam!**

Leadership Retreat

This year the Leadership Retreat welcomed members from W.I.C.A.A., Peer Support, Students' Council, Prefect Council, and Roots and Shoots. A huge thank you to our teacher supervisors for the trip: Dr. Sumner, Ms. White, Ms. Grant-Watt, Mr. Grewal, Mr. Smith, and Pam. We took part in many leadership-building activities and were challenged by outdoor obstacle courses, requiring us to use talent, trust, and participation.

B.P. Energy Project – STS2

In June 2011 W.I.C. was generously given a grant for \$10 000 from B.P. Canada to do a project on energy. Our project took place in the 2011-2012 school year and it was called STS2, which stands for Students Teaching Students Solar. The project involved eight of our senior students who taught all the junior science classes a short unit about solar energy. The grade 7's focused on building solar powered model cars. The grade 8's did a comparison of the three types of light bulbs and then built a L.E.D. glowing ice ball powered with mini solar panels. The grade 9's built solar lanterns which in turn were given to remote villages in Brazil and Tanzania. We are very appreciative of the generosity of B.P. Canada for funding this project and we hope that our students learned a bit more about solar energy and its huge potential as part of the solution to the global energy problem. A big thank-you to our dedicated senior student teachers: Christie Chalifoux, Claire Connors, Sarah Halpenny, Megan Howarth, Kirsten McNeil, Mila Mezei, Ryan Morstad, and True Wilson.

Grade 9 Mentors

The grade 9 mentors were role models to our incoming Grade 7 students. Each mentor worked with a small group of Grade 7 students to help make their transition into W.I.C. as smooth as possible.

Our Grade 9 mentors enjoyed helping others, and were great representatives of the school culture. The mentors were involved in planning the Grade 7 Early Entry Day.

Mentors: Kodie Becker, Lauren Boyd, Sydney Cheresnuik, Vincent Hanley, Ellen Lester, Kylar Marriott, Aliya Millson, Scout Simard, Mollie Smith, Jacinta Teves

Grade 8 Science Fair

There was an additional surprise this year; namely, nine Grade 8 students participated in the Calgary Youth Science Fair at the Olympic Oval on April 20 and 21. This was the most entered by the school for the past 4 years. Each of our participants walked away from the Science Fair with an honour.

Welcoming Arlene Dickinson

The College was very fortunate to have Arlene Dickinson, C.E.O. and owner of Venture Communications and one of the "Dragons" on C.B.C.'s Dragons' Den, speak to the entire College community on Friday, June 15th. Ms. Dickinson shared her story and advised students to be true to themselves in order to achieve the greatest success.

Manjit Minhas - W.I.C. Alumnus and creator/owner of the Minhas Craft Brewery, listed among the Top 100 of Canada's female entrepreneurs, and in Calgary's "Top 40 under 40" - hosted the event. Immediately afterwards, Ms. Dickinson was available to sign her book, Persuasion.

Holocaust Survivor Visit

Mr. and Mrs. Cyngiser shared their memories with us. For me, I will remember...

"...that despite being a shell of a man at the end of his ordeal (5'9" and 72 pounds!!!), Mr. Cyngiser doesn't feel any hatred towards his Nazi captors. Despite such horrendous experiences, Mr. Cyngiser manages to project an inspiring image of hope over hatred, in the way of education." -Jacob Stucken

"...how grateful I feel for living in a country that believes in equality." - Anonymous

"...his story on how he lost his shoes while running away, and how he later stepped on a nail." - Sydney Kropf

"...the chilling and horrific ways humans have treated other humans in the past." - Andrew Fowles

"... how he never lost hope in the face of adversity." - Angus Morison

"...that we will be the last generation to ever hear from one of the survivors." - Nick Kaketsis

"...that some people are brave enough to stand up for what they believe and fight against those who are doing something wrong. Mr. Cyngiser is doing that by talking about his experiences and teaching us that we should not hate anyone, no matter the circumstances." - Palmer Scott

"...the emotion involved. To watch a grown man, staring distantly into the back of the room, come to tears over his memories serves as a stark reminder of a dark time for mankind." - Mike Christie

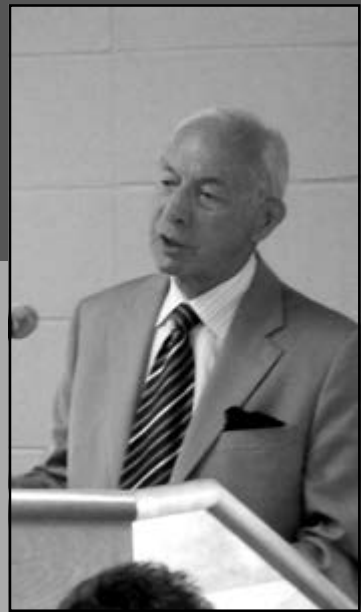

"...hate isn't the answer, education is." - Ian Vincelli

"...how the last time he saw his sisters, one of them kissed the back of his neck, then pushed him out of the line for executions, so he could work and survive." - Anonymous

"...hate is never the answer to one's grief, or pain. In lowering ourselves to that level and hating those for what they did, we become no better than them, and we lose the single most important thing we have: Humanity." - Julia Slubicki

"...one point she made was that there were many mornings that she would wake up and find someone that went to sleep beside her was dead. One morning it was her mother and sister." - Josh Teves

"...how Mrs. Cyngiser said that the only way she would have been able to leave the camp was through the chimney of the crematorium." - Megan Fawcett

Art Exhibition and Sale

< Natural Beauty, by Cat Bootle

"I was nine years old when I picked up my first violin and I fell in love instantly. The inspiration for this project was brought on by this love and I wanted to represent my instrument in a piece I created. This project is about revival and rebirth. I created this project with a broken violin that would not be played again. I felt it fitting to give it new life."

< Innovation, by Leah Chiu

On the top-right of my composition I have depicted Leonardo DaVinci's Vitruvian Man and one of his first blueprints for a flying machine. Branched from these two images is a space shuttle, which symbolizes how, with a mixture of art and science, there have been great advancements in society."

The Energy Within, by Christina Screpnechuk

"My piece represents the energy within the dancer. The colour pink throughout the muscles, dance shoes, and eyelashes symbolize where the energy is stored in a dancer. The vibrant colours coming from the fingertips, hair and soul demonstrate the power and energy that the dancer illuminates when dancing."

< Forever Save Me, by Gabriella Gregson

"Art is my life. Sometimes to survive the day I use music or my sketchbook to take me away from this world. Drawing saves me from screaming with frustration. Art is what I turn to when I need a friend, as I know it will always be there for me. My piece has quite a lot of symbolism in it, which is mostly hidden. The materials used to create this project are duct tape, acrylic paint, and packing tape. The music in the top left corner represents my guitar playing abilities. Throughout this piece there are some sentences about how I feel towards art. Thanks for looking!"

< To Escape Reality, by Julia Slubicki

"The background in my piece includes the musical staff because music is something that I see as beautiful, with so many varieties, from relaxed to upbeat. The patterned, winged unicorn represents the fact that art does not have boundaries; it is freedom. The broken chains symbolize escaping what holds you back in life."

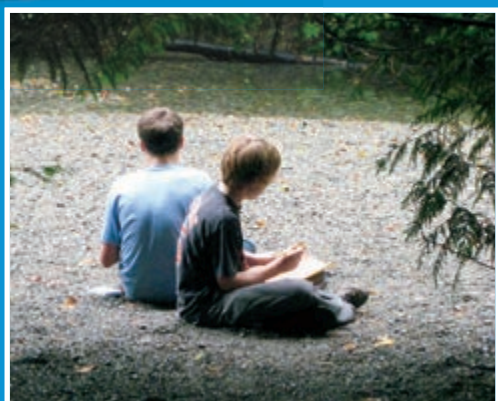

While we value the importance of the arts, of equal merit is supporting our local community and developing global citizenship. Consequently, each work of art was available for purchase with net proceeds going to the local children's charity, Dreams Take Flight. This charity was selected because it supports local children and is a non-profit organization. Thank you all for your continued support of the Arts in Alberta. -- Ms. Lewis

Alice in Wonderland Through The Looking Glass

By Florida Friebus

This year's production of Alice in Wonderland & Through the Looking Glass was phenomenal! The bright colours reflected the enthusiasm of each and every actor in it. From the lighting, to makeup, to directing, and acting, it took many people both on and off the stage to make this show special. After months of hard work, we all walked away a feeling of accomplishment and many new friendships. This year's play could not have been possible without the sacrifices and dedication, especially our director, Ms. Knight. She put in countless hours of work for this show. Without her, we would not have been able to create a production of this quality. We are proud of this year's production of Alice in Wonderland & Through the Looking Glass...even if it left us all a little "mad."

The Cast: Charlotte Tetley, Alexa Rudakoff, Rehman Shivji, Silvana Pender, Violette Giry, Brooke Mantei, Cathleen Burton, Sabrina Smith, Cole Truscott, David Bobyn, Brendan Haslam, Lindsay Lockwood, Natalia Czarnecki, Claire Connors, Sarah Halpwbby-Mason, Natalie Douglas, Cat Bootle, Julia Slubicki, Becca Lowe, Cassidy Robertson, Michael Doyle Baker, Tom Howard, Brooke Ruskin, Lauren Hebert, Christian Farrier, Paden Cuthill, Alexis Chang-Powless, Maia Tarvydas, Stephanie Madsen, Safira Teja, Kaya Prokopchuk, Nikki Fuereerder, Elizabeth Plan, Mary-Claire Verbeke, Luke Robitaille, Martin Steger, Afton Reid, Allison Pritchard, Azhar Teja, Connor Meek, Emilie Black, Emma Waller, Maren Flemming, Katie Doherty, Stephanie De Maio, Nicole Larsen, Kristine Larsen, Amelia Srajer, Kristin Johnson, Lindsay Stariha, Elsy Willis, and Isabel Hogan

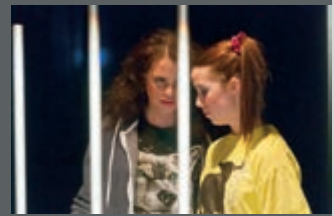

The Crew: Didi Udoh, Raveen Virk, Eliza Wayne, Sonja Lake, Emma Bialobzyski, Jaquie Shepard, Alex Grassby, Julie Zhang, Boris Mihajilovic, Christian Farrier, Gbemisola Olutogun, Catlin MacCuish, Arden Oh, Monika Schneider, Berkeley Scott, Ivnoor Shergill, Victoria Plan, Melissa Krowchuk, Megan Fawcett, Alex Hawley, Julianne Wong, Siri Lake, Quinn Mastromonaco, Ashley Tang, Megan Howarth, Alee Woods, Alex Coffield, Christie Chalifoux, Jeffery Routledge, Liz Cloutier, Wayne Dang, Calvin Chang-Powless, Alexis Chang-Powless, Jordan Clark, Hayley Brillion, Amanda Cameron, Gabriella Gregson, Alex Campbell, Cassie Suche, Nathan Lu, Sydney Kropf, Michael Dodge, and Anastacia Jido. Special Thanks to Mrs. MacArthur, Bev.Ruskin, Ms. Irvine, and Ms. Knight

Juvie

By Jerome McDonough

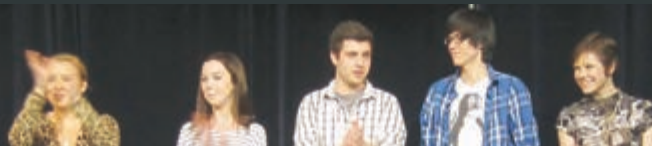

Being a part of Juvie was an extremely unique and rewarding experience. Because the of Juvie was made up of senior students, we were able to challenge ourselves with a heavy script and complex characters. We worked a lot on character development, and really understanding tactics and motivation. I truly believe that every member of the Juvie cast was pushed to a new level in their dramatic careers. The commitment of the actors to their characters, combine with the dedication of our director resulted in an incredibly emotional show, full of emotional drama.

Cast: Brooke Ruskin, Claire Connors, Rehman Shivji, Alex Rudakoff, Michael Doyle-Baker, Lauren Hebert, Colton Ollenberger, Afton Reid, Conor Meek, John Tasker, Sarah Halpenny, Charlotte Tetley, Lindsay Lockwood, Natalie Douglas, Alexis Chang-Powless

Roots & Shoots Club

"Roots creep underground everywhere and make a firm foundation. Shoots seem very weak, but to reach the light they can break through brick walls. Imagine that the brick walls are all the problems we have inflicted on our planet. Hundreds and thousands of roots and shoots, hundreds and thousands of young people around the world can break through these walls. You CAN change the world."

- Jane Goodall

Global Awareness Club

This year Global Awareness was run by a group of dedicated individuals with a passion to help others both on a local and global scale. G.A. ran numerous campaigns and fundraisers for Right to Play, The Fontaine Foundation, The Leukemia and Lymphoma Society, Children's Foundation, and Kony 2012. The club also had amazing opportunities to attend We Day in Vancouver, hear a variety of interesting speakers, and organize their own G.A. Conference at W.I.C.

Members: Stephanie Feldberg, Nicole Larsen, Claire Wilson, Emmy Jolly, Chloe Risk, Samantha Taylor, Lauren Boyd, Sabrina Smith, Emma Spence, Madison, Bridal, Leah Chiu, Ailish Connors, Claire Dufesne, Christian Farrier, Alexandra Grassby, Danielle Hart, Kayla Klufas, Siri Lake, Emily Lazdowski, Emily Mattinson, Arden Oh, Samantha Roberts, Monika Schneider, Berkeley Scott, Morgan Sorensen-Mersereau, Britney Tang, Julie Zhang, Mariana Alston, Jenna Hamilton, Katie McLean, Meagan Norris, Palmer Scott, Iby Udoh, Julianne Wong, Jessica Balen, Micheal Dodge, Megan Howarth, Joey Libin, Mila Mezei, Carolyn O'Dwyer, and Victoria Wonnacott. **Teacher Advisor:** Ms. Allen

Reach for the Top is an inter-school series of trivia games involving questions from categories including Geography, Mythology, Politics, Canadian History, Math, and many others.

This year, WIC's Reach for the Top team competed in a series of inter-school competitions after school, and did very well.

Players competed in teams of four which competed against other schools' Reach teams at the Senior Provincial Championships.

Weight & Fitness Club

Members: Robert Christie, Christian Farrier, Eamon Irvine, Seun Olutogun, Garrett Taylor, Michael Bica, Michael Christie, Seun Girvan, Kalada Nkwonta, Gavin Mundry, Alexandra Srepnchuk, Christina Srepnchuk, Taylor Arnett, Michael Dodge, Kenny Dosanjh, Elishama Ewa, Owen Ferguson, Reid Foose, Luke Heck, Conor Irvine, David Isilebo, Scott Jeal, Ryan Jones, Ben Morgan, Dale Nerland, Gbemisola Olutogun, Brandon Palin, and Paul Spronken. **Teacher Advisor:** Mr. Fensom

A fit mind and a healthy body both contribute to academic success. This program, intended to assist students in achieving their personal goals fitness, had the objective for the students to realize their potential through exercising with a specific program. Students were expected to create and follow said personal fitness program. (The dance routines of Paul and Brandon were decidedly NOT expected.)

Jazz Band

The funniest moment in the Jazz Band this year was hearing Dan's improvisational lyrics to music. Very creative!

The highlight of the year for the band was moving the club to the performance centre. (Thank you Ms. Knight for letting us use the space!)

Always remember Jazz Band, to "keep it classy!"

Members: Michael Christie, Calvin Chang-Powless, Alexis Chang-Powless, Weiyu Dang, Jeffrey Routeledge, Nicholas Kaketsis, Daphne Kaketsis, Dexter Harvey
Teacher Advisor: Ms. Kraychy

Curator's Club

Working together to prepare for the two major exhibitions, one province wide the other school wide.

Supporting both our art community and a local children's charity is our goal in Curator's Club.

Together we use teamwork to inspire creativity. Curator's Club is a terrific way to have fun and meet new people! We are proud to celebrate our completed goals and accomplishments.

Members: Mariana Alston, Cat Bootle, Alexandra Campbell, Sydney Kropf, Rebecca Lowe, Christina Srepnchuk, Julia Slubicki, Scott Timmons, Cambria Banks, Amanda Cameron, and Michael Dodge.
Teacher Advisor: Ms. Lewis

Guitar & Guitar-Like Instrument Club

The guitar club is casual in format and is open to all students, regardless of their guitar-playing abilities. Students met at lunch time to share music and advice. It was a great opportunity for all to learn more about how to play how guitars and guitar-like instruments. Thank you, Mr. Rennie, for lending us your guitars!

Members: Montana Chong, Daphne Kaketsis, Claire Lawson, Mikaela Lo, Bella Marsin, Chinelo Onyeko, Jacqueline Sheppard, Aleena Virani, Alexandra Grassby, Stephanie Madsen, Arden Oh, Daniel Paplawski, Marta Pietrzak, Karim Rostom, John Tasker, Matthys van Staalduien, Julie Zhang, Alex Coffield, Manuel Collazos Quessy, Julien Ferland, Sean Hasan, Thomas Hewlett, Nicholas Kaketsis, Benjamin Lang, Dan Morgan, Angus Morrison, Emma O'Connor Tomisin Ojo-Aromokudo, and George Petropoulos.

Debate Club

The W.I.C. Debate Club had an outstanding year this year. We had strong showings in a number of tournaments over the course of the season. For the first time in years, W.I.C. debaters qualified for provincial championships. A special congratulation Safira and Azahr Teja for placing third in the province this year!

Members: Kodie Becker, Mikaela Bocking, Alexis Chang- Powless, Calvin Chang- Powless, Jean- Robert Curtis, Sarah Fawcett, Gabriela Fekete, Sam Ho, Fazeela Mulji, Luke Robitaille, Amelia Srajer, Marin Steger, Jacob Stucken, Natalie Tai, Azahr Teja, Safira Teja, Ali-Faizan Virji, Raveen Virk, Eliza Wynne
Teacher Advisors: Mr. Fensom & Ms. Simard

Investor's Club

Junior Achievement Investors' Club - this club is designed for students who are interested in getting to know the Stock Market. Though no real money is ventured, students follow stocks, make mock purchases and survey their earnings or losses weekly using computer simulation software and reading newspapers.

Members: Robert Christie, Daren Wang, Brody Woods, Kate Fenwick, Julien Ferland, Sean Girvan, Nicholas Kaketsis, Jacob Stucken, Mikaela Bocking, Alexis Chang-Powless, Michael Dodge, Scott Jeal, Dale Nerland, Harry Tims, and Cole Truscott.
Teacher Advisor: Mr. Bennett

Model UN

The highlight of the year for Model UN was when the group had veto power in the security council. There was also a moment of silence when Mikaela held a moment of silence for Kim Jong II (she was the delegate for North Korea).

"Learn your foreign policy!"

Members: Leah Chiu, Kelly Ittermann, Britney Tang, Kate Fenwick, Julien Ferland, Richard Helfmann, Nicholas Kaketsis, Boris Mihajlovic, Tomisin Ojo-Aromokudu, Ali-Faizan Virji, Mikaela Bocking, Hayley Brillion, Alexis Chang-Powless, Ashley Tang, and Raveen Virk.

Teacher Advisor: Mr. Rennie

Case Competition Club

Case Competition - students will participate in a high school case competition which involves teams working together to problem-solve a company's issues surrounding ethics, marketing, and accounting; this requires critical thinking skills in a real world application scenario.

Members: Weiyu Dang, Dexter Harvey, Emily Lazdowski, Madeline Spronken, Daren Wang, Brody Woods, Jake Woods, Julien Ferland, Sean Girvan, Eiro Issakidis, Dan Morgan, Shaanvir Saduria, Alexandra Screpnechuk, Jacob Strucken, Raymond Verbeke, Julianne Wong, Mikaela Bocking, Alexis Chang-Powless, Owen Ferguson, Reid Foose, Dale Nerland, Brandon Palin, Ivnoor Shergill, Harry Tims, and Cole Truscott. **Teacher Advisor:** Mr. Bennett

Foreign Film Club

Foreign Movie Club is an organization which is open to the senior grades. Foreign Movie Club watched a variety of movies this year including: Volver (Spanish), 3 Idiots (Hindi), Hero (Chinese), The Great Seduction (French), and Death Note (Japanese). Thank you to Victoria Plan for finding the movies and brining them in!

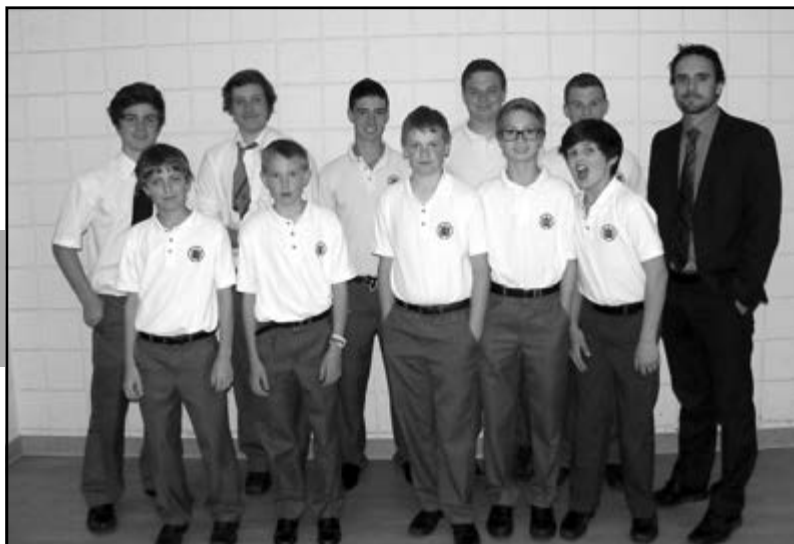

Members: Laura Byrne, Aliya Millson, Michael Cole, Bailey Kulman, Nathan Lu, Richard Helfman, John Chan, Nicole Ghersinich, Francois Giguere, Douglas MacArthur, Victoria Plan, and Raveen Virk. **Teacher Advisor:** Mr. Schell

Showcase

Showcase is a club that was started by the combined forces of Dustin Nedohin, Mr. Teves and Mr. Loewen. Showcase is a club in which athletes and others with ranging talents can video their abilities and 'showcase' them to the rest of the club. The videos often incorporated special effects and were amazing!

Members: Jeffrey Campbell, Elliot Couillard, Lars Lof, Caleb Morin, Paul Sims, Sam Valentine, Andrew Van Helden, Alexander Cowan, Christopher Dodge, Dexter Harvey, Jeffrey Routledge, Max Wright, Mike Dodge, and Dustin Nedohin. **Teacher Advisor:** Mr. Teves and Mr. Loewen

Fictional Literature Society(FLS)

A club in which we discuss the themes, symbols, and deeper societal implications of contemporary fantasy and science fiction. Instead of typical English-prescribed material, F.L.S. chooses to analyze popular literature, and its implicit philosophical ideologies, through a critical lens. The Force is strong in this club.

Members: Alex McKinnon, Jason Ye, Stephanie Madsen, Katie Judson, Aliya Millson, Sabrina Smith, Christian Farrier, Morgan Gillies, Kristin Larson, Stephanie Madsen, Alexander Smith, Richard Helfmann, Boris Mihajlovic, Mikaela Bocking, John Chan, Nicole Ghersinich, Francois Giguere, Victoria Plan, and Cole Truscott.

Teacher Advisor: Mr. Loewen

Ladies and Lad(s) Literature Society

The "Triple L" is a club that celebrates one's love for literature and for losing oneself in a good book. Love, adventure, fantasy, loss, and triumph have all been themes of discussion this year. Though not exclusive to females, our club has revolved greatly around "girlier" novels, leaving the Sci-Fi and intergalactic battles to the F.L.S.

Members: Emily Anda, Emily Balogh, Emma Bialobzyski, Danielle Campbell, Ailish Connors, Brooke Foose, Anna Girvan, Sarah Graham, Alex Grassby, Lauren Hebert, Makena Jones, Kayla Klufas, Siri Lake, Sonja Lake, Claire Lawson, Nathan Lu, Kirsten McNeill, Jordan Mennis, Leah Mercier, Sarah Morstad, Chinelo Onyeka, Sam Roberts, Nikki Rollins, Bailey Russell, Sage Smith, Kennedy Whelan **Teacher Advisor:** Ms. Law

Newspaper Club

The newspaper club writes and publishes articles of interest. These include recipes, movie reviews, teacher interviews, fashion trends, and social networking. When the newspapers are distributed, everyone's eyes are glued to the papers rather than Assembly speakers. Sorry - we're that interesting!

Members: Andrew Hawkes, Fazeela Mulji, Violette Giry, Brooke Mantei, Kaya Prokopchuk, Mary-Claire Verbeke, David Boby, Emily Boucher, Elizabeth Cloutier, Emma Spence, Maggie Valentine, Emily Anda, Christie Chalifoux, Calvin Chang-Powless, Sophie Dabrowski, Morgan Gillies, Lauren Hebert, Kelly Ittermann, Kirsten McNeill, Amelia Srajer, Safira Teja, Sabrina Smith, Christian Cioffi, Ailish Connors, Weiyu Dang, Christian Farrier, Calvin Chang-Powless, Ryan Hagel, Danielle Hart, Zachary Hong, Bella Kolas, Ally Memedovich, Holly Mueller, Vika Savichev, Jordan Shackman, Sam Stucken, Jake Woods, Ali Virji, Sarah Halpenny-Mason, Quinn Mastromonaco, Mila Mezei, and Alexa Rudakoff (editor) **Teacher Advisor:** Ms. Buckingham

Radio W.I.C.

Radio W.I.C. provides students with a chance to hear their favorite (or least favorite) music played in the Hall of Nations at lunch hour. The "Band of the Day" was announced daily at assembly, by Alexis Chang-Powless, who was instrumental in the club's success.

Members: Lars Lof, Matthew Lutz, Paul Sims, Andrew Van Helden, Chinelo Onyeka, Aleena Virani, Julia Fenwick, Stephanie Isilebo, Katie Judson, Sabrina Smith, Emily Anda, Emily Balogh, Danielle Campbell, Calvin Chang-Powless, Christian Cioffi, Chris Dodge, Morgan Gillies, Dexter Harvey, Bailey Kulman, Siri Lake, Jordan Mennis, Callum O'Connor, Samantha Roberts, Jeff Routledge, Alexa Rudakoff, Eric Slubicki, Alex Smith, Kristof Sole Kahler, Maia Tarydas, Cat Bootle, Richard Helfmann, Dan Morgan, Mikaela Bocking, Hayley Brillon, Alexis Chang-Powless, Mike Dodge, Ashley Tang, Cole Truscott, Raveen Virk

GOLF

Players: Luke Heck, John MacKinnon, Carolyn O'Dwyer, Palmer Scott, Connor Kitchen, Liam McBean, Jamie Roberts, and Katie McLean
Coach: Mr. Grewal

It was a successful yet short season for the golf team. Eight players competed and trained to eventually reach provincial championships in Edmonton. Zones was a single day tournament that was played at Inglewood Golf club. Both the girls and the boys teams won first place and entered themselves into Provincials which was the following week in Edmonton. Over the course of two days, the W.I.C. golf team played one practice and two official rounds of golf and two different courses. It was an exciting tournament filled with great shots and much time spent looking for lost balls amongst the fallen leaves. Mr. Grewal and Mrs. Irvine were great coaches that helped the girls achieve third place and the boys first place at the Provincial Championship.

"Trying to give these guys everything they can get from me." - The Winnebago Man (Jack Rebney)
 I'll never forget all the time spent in open gym with Kenny, Elishama, Jack and Ben in junior high, the unforgettable Europe trip and the championship wins in grade 9 volleyball and basketball. Grewal has made the senior boys basketball team my second family throughout all of high school, and there is no better way to finish to my W.I.C. athletic career than getting Larson his first volleyball league championship and winning basketball provincials! The phrase "the city" will forever trigger memories of the tight-knit group of friends that I have been fortunate enough to be a part of these last couple of years. BW, BW, BM, JG, LH, RV, HT, BP, CK, GM. Thanks to all the staff, classmates and coaches at W.I.C. for making my junior high and high school experience unforgettable!

Jessica Balen

Umm, we went into overtime....and we were tied... I'll always remember never being able to make an announcement at assembly, spares over lunch with Ivnoor (BOFO), NEVER being late for Economics class and the great memories with the basketball team: the success of winning that banner, team bonding, and the 3 on 3 team that never happened (ahem) CO, DU, GO! And thanks to Gibson for sticking through all the ups and downs with the girls team and being there for us; you always motivated me to play better! Oh, and Trina, the greatest coach B! I will honestly miss our grade so much. Through all the drama we all seem to come together in a perfectly unexpected way. It's been a great senior year; I love you all and I wish you all the best!

Thanks for all of the amazing opportunities that have come from my years at WIC. There are many memories that made these years unforgettable. Everything will be remembered, from grade 10 outdoor ed to travel studies to field hockey, when I leave the safe walls of WIC and embark on the new exciting experiences of what is to come. Thanks to all of the people who have made my time at WIC enjoyable and hard to leave behind.

Mikaela Bocking

I don't have a witty remark to leave here, so I'll leave a few memories. Cheers to all my teachers, especially Mr. Bennett and Mr. Cantrill for putting up with my "ganders" and making my 6 years at W.I.C. both educational and interesting! A shout-out to Vietnam & Cambodia, Ecuador, and Tanzania for the new experiences and friends; "room 52" and "Creepy, Durpy, and Salisbury" will forever be in my heart! A final big shout-out to the Sisterhood & Costa (AT, ACP, HB, RV, GP) and the JMAC crew (JM, AT, CT) for all the shenanigans and adventures we had. Here's to long weekends in Invermere, New Years in Fernie, Friday nights at da club, and, of course, travel and trouble! "The pursuit of excellence is gratifying and healthy; the pursuit of perfection is frustrating, neurotic and a terrible waste of time" - Edwin Bliss- The six years I've spent at W.I.C. have been unforgettable. A huge thank you to all the teachers I've had; you've all been so supportive when I've been ill (which, I'm sure, seems like all the time). And yes, I'm always this pale. A special thanks to Grewal, Mr. Teves, Mr. Rennie & Ms. Knight: my experience at W.I.C. wouldn't have been the same without you. A huge thank you to all my amazing friends who have put up with me over the last six years (ACP, MB, AC, AT, SP, NC, RV, CB, VP, CB, CT, CO) I could write a whole paragraph about each of you, but it would take up way too much space. Instead, I will talk about our amazing memories of Europe, not hiking in Peru and the sisterhood & Kostos (MB, ACP, AT, GP) in the couples retreat of Tanzania, 6 Drama Productions, Spanish 30 cheesecake video, Reach Provincials & 4 person Euro Class with Rennie. Good luck to all of you in your future endeavors :)

My past five years at W.I.C. have been a whirlwind. I got to enjoy travelling to France, Spain, Peru, and Costa Rica. I will never forget the amazing opportunities W.I.C. has provided me with. I would like to thank all my teachers who have helped me to the finish line, and my parents for keeping me on track and headed in the right direction. I would also like to give a big thank you to all people who have always been there for me through the good and bad. You have shaped me into becoming a better person. I will always cherish the memories from Travel Studies!

Three years have come and gone, and now it is the natural time to say good-bye. I owe W.I.C. a great debt, not just for the education it has provided for me, but for the countless life lessons, experiences and friends it has supplied. To my friends: you are very near and dear to me and it will be hard not to see you on a regular basis. I have to thank the entire faculty for helping me through tough times and congratulating me when I had success; you have all had a tremendous impact on my life! I look forward to the next exciting chapter in my life!

Thank you to everyone who has helped me get to this point. To my family: thanks for everything. Next, thanks to my teachers, who have had to deal with me since grade 7; I know I have taken you to the edge of patience. Mr. Bennett & Mr. Cantrill: despite the ganders with MB, I learned a lot. Ms. Clarke: Z-scores. To my friends: I love you guys. Thank you to MikGherkin, HB, RV, CO, CT, CB, CM, SP, NC, AT, CB, VP, FG. RV: we have the definition of a love/hate relationship. Just kidding, I don't love you. Thanks to everyone on Peru, Tanzania & New York and The Sisterhood & Kostos (MB, HB, AT & GP) (we need a new name- Creepy, Derpy & Salisbury is better). Thanks to anyone who has ever come to a concert with me. Breaking my nose & VP losing her phone at ADTR. Coachella 2010. Thanks to the class of 2012. Here's looking at you kid.

W.I.C. has given me the opportunity to meet new people, make lifelong friends, travel to foreign places, and most of all, it helped me prepare for the next step. As I reflect on the past six years I have spent at W.I.C., I realize that I have learned a lot, not only in academics, but about myself and life in general. For me, it is the people, my teachers, my family and my friends that have enriched my journey. When I came to W.I.C., I met a beautiful man named Ryan Jones. We look similar and go on lunch dates to Tang often. Next year at Queens we will continue to wear matching clothing and Spiderman backpacks. Our small group of close friends will remain in my heart forever. #bestfriendspapertowels #village

It's hard to believe that six years have passed since I first started going to W.I.C. Now, finishing my final year, I am left with a lot of fond memories: The French 'C' class, the play productions, fun times with friends, travel studies, and all the amazing people I have met along the way. Thanks to all my teachers that have helped me on my journey, my super awesome amazing friends who have always been there (and still are), and my parents who have always supported me. It truly has been an exciting six years. I'll miss all of you! Keep smiling!

We've made it. How many times since grade school have you thought about the future, worried that you wouldn't make it into a good university? You can put all those worries aside; you've made it. Whether you're going to the school of your dreams, or making a small compromise, I'm sure that every single one of the 2012 graduating class will succeed, and do something great. To the people that have been there with me, whether we still speak or not, I want to thank you. This is for every moment that we'll never regret and for every moment that we will. To Mr. Schell and the French class for becoming like a family, and to Mr. Liandzi and Ms. O'Keane for helping me decide to pursue a future in English: Thank you!

Michael Dodge

You have probably heard numerous people say "Enjoy it while it lasts!!" Well, they're right. Really take time to enjoy everything that surrounds you; try as hard as you can to make friends, because in the end it's truly worth it. Gentlemen of W.I.C., it's been a blast. The team has been left in the hands of fantastic coaches and players, and I can see that we will have more city champion residing at W.I.C. very soon. Heads up rookies, if Duffy calls you a 'dropkick,' that's ok. I will always remember my time at W.I.C. and the experiences I have had. From the six 'P's' to Ms. Clarke's chemistry songs, I will have many stories to share, and even more good memories from my years at W.I.C.. As a parting goodbye, I would like to say thank-you to all of the teachers who gave me a positive learning experience and helped me make the most of my schooling years, as well as all of my friends for sticking with me though it all. Hold Fast.

It's hard to believe it has been six years at W.I.C. because it went by so fast. I've had a lot of great memories here, which I wouldn't change for the world. Memories such as going to Vietnam/Cambodia and Brazil, WFHL, as well as winning basketball provincials with teammates I consider to be my second family. I can still remember my first day at W.I.C. in grade 7, showing up late with no idea how to put a tie on, and thinking about how I wanted to be in grade 12. Thanks to everyone who made this experience one to remember. And now that it's finally over, and I am happy to leave here with such great friends and with no regrets. Provincial Champs!!!!!!

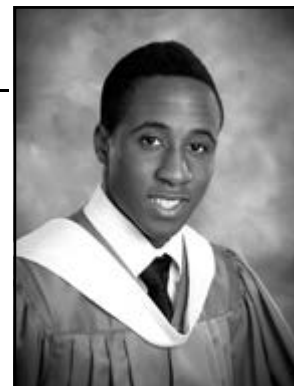

Elishama Ewa

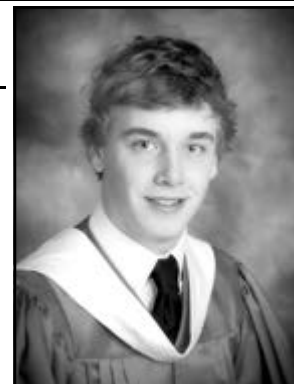

It's been a great 6 years at W.I.C.! Wow, what a ride! From the countless detentions in grade 7, to finally achieving all three awards in grade 12, it truly has been quite a wild ride. W.I.C. has been a great experience for me, and I will have many memories that will be with me for life. Though it is sad to leave a place that I have known for so long, I am excited to have a new beginning and to make new friends. Though my W.I.C. high school basketball career was not easy, there will always be a special place in my heart for 'The Wolves,' and I hope the future teams can truly understand the hard work and dedication it took to achieve what we did. Provincial champs!!

"Live life simply so others can simply live."- Anonymous High school at W.I.C. has been memorable. The most memorable times have been hanging out in the lounge with the boys discussing the silly shenanigans that occurred on the weekend, playing floor hockey and sniping the OT winner for the CBG Jets and overtaking the reigning champions (the GS Lighting) and creating friendships with people who I didn't know previously. My experience at W.I.C. wouldn't be the same without the support I received from my teachers. I'd like to shout out to my boy Mr. Bennett for being such a good role model and giving his class some humor with some quotes like, "c'mon man!" or "guys, this is where it all comes together" and "I'm getting the glossed over look." All in all, enjoy the time you have with friends and never take school or life too seriously. Get to know new people and make friends, because the memories you make in high school will last a lifetime. My time at W.I.C. couldn't have been better.

Why did I enjoy high school so much? The people and the comeradery. I enjoyed pounding my friends' faces into the ground at rugby. I enjoyed stoning my friends cold in floor hockey. To be honest, I had a pretty good time. I did some pretty wackystuff and I am probably the biggest clown in the world. I enjoy being laughed at and making people laugh. Hopefully my clumsiness and mannerisms provided people with humor for hours. They may have known me as Reidus, Foose, Foosey, Fooser, FooseyPoo, 2LEG1T, The Foose Caboose, Goose or Mr. Showtime, but I hope everyone will always remember me as a lover and a friend. #Memorable #Swagger

But really, shout out to all my Travel Studies buds: Tanzania and Romania/Poland. Looking back at being stuck in Poland, it wasn't all that bad. Going to Subway and that Pizza place every day, yum. And I can't forget all those memories on the safaris. Rhinos and thousands and thousands of monkeys and zebras! Lions so close they can eat us! Crazy great times. ... EL PRESIDENTE! It took me a good hundred games but I managed to make it at least once. I'll miss being at W.I.C. a lot. Thanks to all my teachers; I have great memories from each and every one of your classes. Looking back, my 6 years at W.I.C. went by much faster than I ever would have thought. Sports teams and Travel Studies are just some of the highlights from my time spent here. My best times have been with friends and the WFHL on the Cheddar Bunnies and the CBG Jets. I will always remember the plenteous memories made with Dharminder and the boys. Thanks to all the great teachers, staff, students, and coaches, especially G, for everything.

Thank you, W.I.C., for keeping me motivated. Thank you to all my teachers who taught me how to learn (JFS, CA, DC, TC, CM, CS, PO, PP), to all my friends who made the time go by quickly (NG, DN, CM, ACP, CO, VP, NC, SP, CB, AT, MB, everyone really), and especially to my Mom and Dad; you made it all possible. I am truly grateful for my time at W.I.C..

"During your life, never stop dreaming. No one can take away your dreams." Throughout the past six years, W.I.C. has provided me with more opportunities than I could have ever imagined. I have had an amazing experience here and am so grateful for all the friendships I have made. I want to thank my family for everything they have done for me through my high school experience, and Mr. Gibson for introducing me to the school; thank you for putting up with me coming to your work every day. I know it wasn't always easy, but I couldn't imagine W.I.C. without you. I will never forget all the after school hours playing basketball and finally making it to provincials, meeting my best friend Melissa, travelling to Europe in Grade nine, all of my many late slips and/or uniform slips, Bio 30 with Ms. Clarke, learning the importance of sunscreen in Galapagos, my lack of attention or attendance in psych and sports med, travelling to Tanzania and falling in love with Africa, hilarious and unforgettable weekends, more dinners, coffees and car rides than I can count, and all the amazing teachers and students of W.I.C. who make it such an amazing school. Thank you to everyone who has made W.I.C. such a great place!

Luke Heck

Being at W.I.C. for 4 years really has taught me a lot. Even after all the Math and Science I have learned, the things I'm probably going to remember the best are the memories outside of the classroom. I will never forget winning Golf Provincials twice, going bar down with the CBG Jets (W.I.C. floor hockey league champs), winning the rugby championships, Bio 30 with my boy T Will and Ms. Clarke, all my boys, lunches in the city, Mr. Grewal and WICAA, the Dale and Dodge Classics, and all the amazing friends I made teachers and students; it was an amazing run. I'd also like to thank all my teachers and W.I.C. in general for the amazing opportunity and experiences I've had. It's gone by so quickly and reminds me to enjoy the good things in life because, like Ferris Bueller once said, "Life moves pretty fast. If you don't stop to look around once in a while you could miss it."

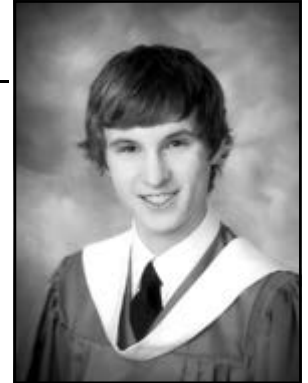

Megan Howarth

Thank you to all my teachers for putting up with me over the years and to my family for always being there for me. You have definitely taught me a lot of what I know today. I'd like to thank all my best friends I have made along the way; we have had our ups and downs, but I know that at the end of the day I can always count on you guys. You have made my time in Calgary very memorable; I couldn't have done it without any of you, and the memories we created will last a lifetime. High school was definitely an experience that has shaped me into who I am today; however, new and different experiences await me. I can't wait to travel with you, SH. "Slow down the time machine. I'll shoot Hitler out the window." - Professor Hubert Farnsworth
A picture is worth 1000 words, but in most cases, 990 of those words are probably irrelevant. Remove meaningless words, and you arrive at simple truths. Care for yourself, care for others, and don't overdo things. Travel, but don't think negatively about travelling alone, as you'll meet many new people. Expose yourself to different ideas, but don't get locked into one and engage in unilateral thinking. I think the biggest thing of all for me is: Don't assume things. Just don't. As far as things that I'm going to miss, I can't really think of anything. The amount of things I won't miss is justifiably larger than things I will (not limited to school by any stretch); uncertainty and constant loose ends drive me to the edge of my patience.

Band, Summit Hockey, Floor hockey and all the clubs that the school has offered have really made my experience at W.I.C. enjoyable.

Of all the schools I have been to in my life, W.I.C. was one of them.
Moving around a lot, I learned some things, and one of them is that a school is only as good as the students who go there. If that is the case, W.I.C. has been one of the best 2 years of my life; the people here are awesome and, besides coming in late to the school, I have had an amazing time (well, as amazing as school can be).
The best piece of advice I can give anyone is to be friends with everybody; you never know when you need a ride somewhere.

Six years at W.I.C. has gone by so fast. I doubt that I thought in Grade Nine it would be over so soon. Grade Twelve has gone by faster than any other year I can remember, and it definitely has been one of the hardest. Now it's finally almost over. Looking back, I have loved nearly every minute of my time at W.I.C., but whether I like it or not, it's time to move on. Travel Studies has been a once in a lifetime experience that I will never forget. I'd like to thank all my teachers, Mr. Bennett in particular, for putting up with me in economics class and in Tanzania.

I've really enjoyed all my years at W.I.C. The last one had to be the best, mainly because we started going to Tang more often and the teachers were fantastic. I'll never forget listening to "we no speak americano," browsing wolfram alpha in math class with Mr Poitras, and listening to Rehman deny defeat in arguments with Ms Clarke. I've been apart of the W.I.C. family for six years, and it is sad to see it all come down to an end now. But I can't wait to move on, go to University and experience the new world. I wouldn't be the person I am today if it weren't for W.I.C. W.I.C. was not only a school, but a second home as well. I will never forget the amazing friends I've made throughout the years: HT, JR, IS, BP, JB, HC, GO, ND, BW, QM, AT and many more. I also want to give a special thanks to Dr. Claire Sumner, Mrs. Carol Grant-Watt, Mrs. Tracy Armitage and Mr. Boyd Belisle all of who continued to believe in and had faith in me when the rest of the world, including myself, had lost it. Good luck to the class of 2012!!!!

W.I.C. has been unforgettable and I will never forget my high school experience. I was lucky to have so much success in W.I.C. athletics: Golf Provincial champions three years straight, volleyball league champs, Provincial Basketball bronze medal in grade 11, and redemption on La Crete in grade 12 by winning the Provincial Championship! I will also always remember senior floor hockey (going top cheds for the CBG Jets, ending the GS Lightning dynasty in OT, and finally hoisting the cup). Chem 30 was fun; I achieved a 1.0 effort mark with Miss Clarke. I'll always remember guy talk with the boys in the city and giving Mr. Bennet the glossed over look (he was always wired on Timmy's). I sincerely enjoyed my time at W.I.C.

Throughout the past 6 years, W.I.C. has provided me with amazing opportunities and friendships that will last a life time. I will never forget the memories from Europe 2009, camping in grade 8 and grade 10, skiing in grade 9, canoeing this past year, Spanish, psych class with Alex and Julianne, the Farmers Market, and all of the endless fun we had on weekends and during the summers. The friends I have made at W.I.C. are irreplaceable and I will never forget all the hilarious times we have shared together. Thanks to my best friend Alex: I definitely could not have survived half of the things I did if it wasn't for you. I would also like to thank all of the amazing staff and teachers who have never hesitated to help in any situation. Thank you to my family who has supported me in all of my endeavors. Congrats to all the grads!

I would like to thank West Island College for providing me with a great education, teaching me discipline, and introducing me to Class Afloat (one of the greatest experiences of my life!). After being away for my entire grade eleven year, I thankfully had a smooth transition back into W.I.C. I have made some amazing friends at W.I.C. and I have good relationships with some of the staff. I would like to thank Mr. Teves for always being so friendly and approachable! Mr. Teves, I've known you since you taught me how to use a computer at the CJA and you have offered me so much support ever since! Congratulations to all of the graduates!

My whole time at W.I.C. from grade seven to twelve has gone by so quickly. I remember my first day walking in as a grade seven student not knowing what to expect. As I began to meet so many cool students and teachers and experienced the W.I.C. community, I knew my time at this school would be enjoyable. I have enjoyed participating in most of the clubs that W.I.C. has to offer, as well as being a part of several of the sports teams in junior school and being on the rugby team in senior school. I will always remember some of the funny moments in class, such as Ms. Clark dancing in class and Mr. Fensom's accents. Thanks, W.I.C., for all the fun times.

Caitlin MacCuish

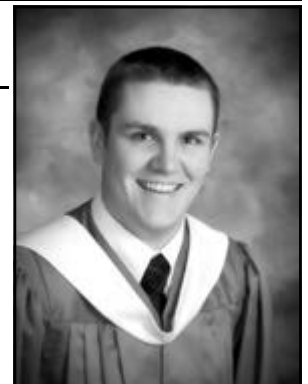

Thanks for everything W.I.C.; it's been great. I'll always remember the C class for being as weird as me, gym class in junior high, travel studies, outdoor ed, and all the people who have helped me along the way. Shout out to my darling angel, family and friends. I'll miss everyone and thanks for the good times.

Saying that the past six years have gone by quickly would be an understatement. It seems like yesterday that I was the small and awkward grade seven student entering W.I.C. for the first time. Every day since will be forever etched in my memory. There are so many unforgettable moments; whether it was winning the Provincial Championships or drinking tea in the Andes in Ecuador, W.I.C. has provided me with the best six years of my life. Without the dedication and support of each and every teacher and the many friendships made with my classmates, W.I.C. would not have been the same. Of course, I could have saved a lot of money if I had remembered not to walk by Mr. Grewal's office on my way out to lunch. He eventually paid me back. Adios Class of 2012, faculty, and all students. Always remember: JMack's got your back!

Quinn Mastromonaco

W.I.C. has been a unique experience for me the last three years; I honestly can't believe it has gone by so fast! A big thank you to my parents and every person that meant something to me for helping me to get through it; you know who you are! I'll remember everything! Here's to my endless memories: Costa Rica, New York, Tanzania, Mexico with Quinn; road trips with my girls; Senior girls golf team; being on the track team to miss that one day of school; being a grad date in grade 10; Outdoor ed canoeing; spares; trying not to be late; daily Starbucks; Earls runs with Nat; a lack of productivity in art class (which always led to my entire life being dedicated to art at home); special moments; getting picked up in a limo because no cabs will answer in the middle of the night; parties; UNA, Da City Boys; Rihanna nights; grad dramas; and endless crazy nights with friends. I'm looking forward to having my summer here in Calgs (and stampeding!), having a good time next year, and savoring the stresses that come with it! Maybe I'll learn a thing or two along the way!

"Growth itself contains the germ of happiness." - Pearl S. Buck

Over the past three year at W.I.C., the most important thing that I have gained is friendship. The best memory I have at W.I.C. is going down the hill for lunch with all of the guys. I would like to thank all the teachers who have helped me out throughout my years here.

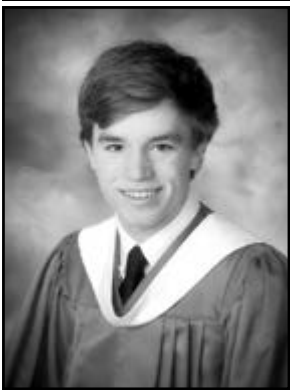

Lliam McBean

In my years spent at W.I.C. I learned a few things. First off, you park in the back lot or Matt will get angry. Lingerin is a must; maximizing the time you have with your friends is something you won't regret. And if you ever feel frustrated with school and you've got something bottled up inside, go straight to the snake shaker.

Over my past 6 years at W.I.C., I have made friends and memories that will live on with me forever. I remember driving down the hill for lunch with friends, and all the times before I could drive when I had to make the walk down in the freezing cold. Memories like winning the Championship with the W.I.C. Rugby Club last year after all our hard work during the season. It was also great winning the floor hockey title with the Cheddar Bunnies. Thank you to all the teachers I have had over the years. A special thanks to Mr. Grewal for being such an amazing teacher (oh, and competitor, of course). Also another special thanks to Mr. Bennett for his work with the incredible business institute. Lastly, a thank you to Mr. Duffy and Mr. Payette for their help with this year and previous years on the pitch.

"God grant me the serenity to accept the things I cannot change, the courage to change the things I can, and the wisdom to know the difference" - Reinhold Niebuhr When I first came to W.I.C. in September of 2007, I knew no one. My first year was tough to say the least. I had no one to sit with at lunch or talk to in class, and there was some trouble with bullies too. However, as time progressed and people got to know me, I found a group of people I could trust and depend on. W.I.C. showed me that there are people in the world who will go out of their way to just be nice, and to make friends with the lonely kid in the corner of the class; to embrace him into a group of friends the likes of which he has never seen. In my opinion, these are the best types of people. Honest, real, good, people. Thank you W.I.C. for opening me up to the fact that these people exist.

Mosquito game in Math 20, scavenger hunts in rural Albertan towns with the basketball team, Gener8 conference, CAIS, countless good times on Outdoor Ed, Mr. Kuzyk's grade 8 music class, We Day, laughs about wolf boxers and French toast with the STS team, SEA program, biking to school, grade 7 sleepover (both times), watching the Bio 30 birthing video, Tanzania, and the E class.

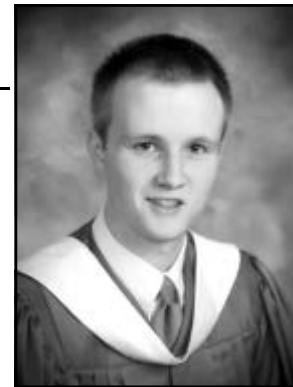

That about sums it up. It's been a good ride. Mischief managed.

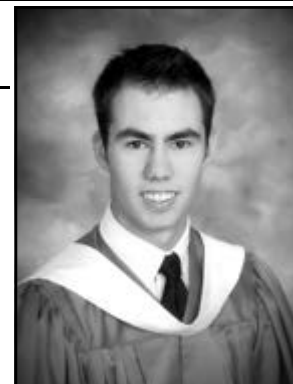

Ben Morgan

The 5 years I've spent at here have flown by so fast. It seems like just yesterday that I walked into grade 8 English class not knowing what to expect of W.I.C. Everything took off from there, and since then I've made numerous memories: playing on the basketball team for two years, ending with W.I.C.'s first ever provincial championship, winning the rugby league, and competing in the WFHL.; through travel studies, I experienced China and Brazil, which were both great; in Math class, with Mr. Cantrill, I learned not only about trig and asymptotes, but we went to Edmonton, and I learned some great life lessons; and spending time with the boys in Sylvan (on the moss), and in Canmore with Dharminder at the end of year gatherings. Thanks to all my teachers and coaches; you've all been great (especially you G) and you've made W.I.C. a great place! BW TA HT RV GM JG CK BW LH BP

 First, I think I have to give a shout out to Monsieur Schell for putting up with all our class and French skills. We truly learned a lot. Once again, je me le pense que oui. And also les enigmas are great. I also have to thank Mrs. Allen for making all of our social classes enjoyable. I had amazing experiences with Laz, Spoony, Pully (getting into all sorts of trouble on the weekends). Looking forward to finally being finished with high school!!

 My six years at W.I.C. have been awesome. From the early days as a D1, to my final physics classes with the Doctor, I have basically enjoyed all my time at W.I.C. I hope the teachers forgive me for my annoying antics and trouble I've caused them over the years. Rugby and the floor hockey league will be missed. Genos, Cheddar Bunnies, CBG Jets! Never forget the boys.

I have ambivalent feelings as I write this. I do not want to leave the comfort here at W.I.C., yet I'm excited and ready for bigger and better places like UNIVERSITY!
 I will, nonetheless, miss and always remember: riding my bike on Outdoor Ed and, of course, tossing Nick K. the frisbee; the amazing meals and excursions of Ecuador and Galapagos; and the great fun had on the all the sports teams, from tossing javelin for track to dropping bodies on the rugby pitch.
 Final shout out goes to all the amazing teachers and students who made W.I.C. a good time.

Dale Nerland

W.I.C. is a great community and I have had so many amazing experiences that I will remember for a life time. Only at W.I.C. would everyone in the grade be able to come together and have all grade parties year after year! Only at W.I.C. would I be able to travel to Cambodia and Vietnam with my friends and have an unforgettable journey! These are only a couple of the countless features that make W.I.C. special; the list is endless. If I could offer any advice to the younger grades, it is to use your time at W.I.C. wisely appreciate how cool W.I.C. really is; participate in as much as you possibly can. It took me two years to realize how much more fun W.I.C. is when you participate, and when I did, I learned to love it. In essence, for me W.I.C. is a place, as Mr. Bennett would say, "where it all comes together."

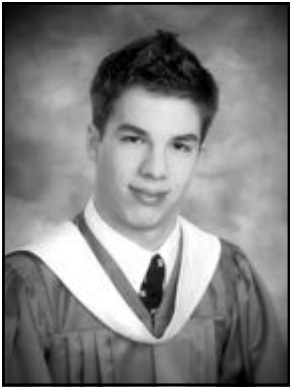

Carolyn O'Dwyer

It's been a great run, folks! Six years at W.I.C. that I will never forget. There are so many memories: the E class, 6 years of basketball with Mr. Gibson, S.E.A, China 2011, away tournaments, great times with my "sisters", my beautiful voice singing the birthday songs, WICAA, Mr. Bennett's rude remarks, and most of all, the amazing teachers and friends. Thanks to my family for all their support, the teachers for all their knowledge and all of my friends for all of the good times.

"But depression, too, is a type of fire. And I know nothing of either." - Taylor Mali

My friends have all been wonderful, and definitely the most important part of every year. Alexis, you will always be the loudest and best of friends. Jonathan, Queens will be a blast. Squeakers, Raveen, Franco, Vic: good times (too many to name). Cole, man up bro, and Dusty, try not breaking every bone in your body. Everyone else, you're the best. And, of course, Hayley; you have always been there.

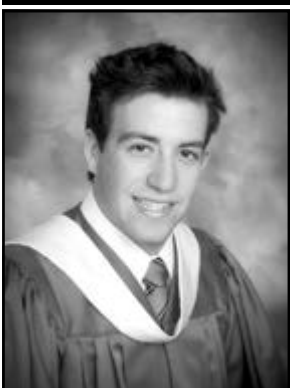

So long while it lasts, yet so short when it has past. Sweet pretty poison and everything else, things in essence so fickle. This has been but a stop on the road; one not with the power to keep, but merely a prolonged rest of inaction, from which now we all must depart and begin our dance with life.

Wow! It has been a great six years at W.I.C., and I will miss all the great times I had here. I will miss playing on the volleyball and basketball teams, all the great coaches (Art, Eric, and Gibson), SEA 2010, Europe 2009, and China 2011. It was great to finally make it to provincials in grade 12 for volleyball and basketball. It was also nice to get to know different people on all these trips and sports teams. I will never forget all the fun experiences I had in all my classes and all the different school trips (like the time Mr. Smith exploded a beaker in chem class, or the time that I almost burned myself in Ms. Clarke's chem class). Thank you to my teachers, friends, and family who made my experience at W.I.C. amazing.

I can't help but have bittersweet feelings leaving W.I.C. I will always cherish the memories I have from W.I.C., including singing some great chemistry songs with Ms. Clarke, making fun of Mr. Bennett in economics, and life lessons in math class. Being apart of WICAA and the Prefect Council were highlights of my time here. If I could give any advice to future graduates, it would be to enjoy everything you are given and strive for everything you want. I have so many great memories and experiences from here, but I am also excited for my future endeavors. I will mostly miss The City boys. HT, RV, TA, BW, LH, JG, BW, BM, CK, GM. Thank you for everything, W.I.C. It has been great, but now it is time to move on.

It is hard to believe six years has elapsed since the first day we walked into W.I.C. I have so many incredible memories, especially times with the 'C' class (you guys are awesome!). Those times have been a major part of my experience here, and I've done everything from Travel Studies to just hanging with all my amazing friends. I met so many remarkable people and will never forget all the good times we shared together. Looking back, everything has passed by so quickly, and it is now our time to graduate. Thank you to all my teachers, especially Mr. Belisle, for always being there for me, and to my friends for always dealing with me. As this chapter of our lives ends, another one begins. I find that the worst part of writing is finding the perfect opening sentence. Sometimes it's a lack of ideas on how to tackle a concept, but when I'm trying to sum up my four years at W.I.C. with 143 words, there's too much to address. I'll remember all my teachers because they've all helped me grow as an individual and always pushed me to get my homework in on time. I'll remember my friends, and if there was the time, or the space, I could go on for days about how much I appreciate you. Most of all, I'm going to remember how much fun I had being a student. We're only in high school once, and it's only for a short while, but I think Charles Dickens had it right - "It was the best of times, it was the worst of times." Some days might be rough, but I wouldn't trade any of it for the world.

It's been six long years not to be forgotten. As I look back, I remember each year at W.I.C. and all the great times I had from music class to floor hockey. Friends, memories, and much more are what made me glad that I went to such an amazing school (especially Travel Studies). Costa Rica, China, and Tanzania have combined for the best six weeks of my life, and have opened up the world to me.

I've had an amazing 3 years at W.I.C. with unforgettable memories and friends for life. I can't believe that Grade 12 is over - it feels like only yesterday I was one of the new kids in grade 10. I'll never forget: the good and bad times in basketball with Mr. Gibson, the way too many near-death experiences driving at lunch time, the great teachers that went out of their way to help me, (especially Dr. Sumner), and last but not least, my friends who helped me along the way and made me actually not mind being at school.

These past three years have been a roller coaster of emotion: periods of highs and lows, confidence and insecurity, success and failure. Thank you to all of my friends and teachers who have guided me throughout my time at W.I.C.; I am forever grateful. I would like to give a special thanks to Ms. Grant-Watt, Mr. Fensom, Ms. Meckelborg, Ms. Knight, and Ms. Irvine. I would never have come as far as I have without your endless help and encouragement. "If you can't convince them, confuse them."- Harry S. Truman I have had many memorable experiences during my time at W.I.C. As my quote shows, I have the tendency to argue with teachers, often to a point of severely rattling them. Ms. Clarke has experienced this first hand. I will always fondly remember her sending me out of the class, or her having to take a walk to reduce stress. I also remember my arguments in Grade Nine with Mr. Gibson. I would receive anger most of the time, but I had my moments of correctness; he still owes me \$6. I also will remember my sleeping moments in class, especially with Mr. Bennett. I would always wake up ready to give an answer to any question. I usually guessed C, even if it was written response. I will remember many teachers at W.I.C., along with all the friends I have made. I'll also remember all our lunch time adventures, mainly to Tang (when Jones wants to go to Tang, there is no arguing). I'll come back and visit, but mainly just to bug Ms. Clarke, and maybe to revisit the past that led to my future. #village #bitterness #nocommonsensearguing

The past six years at W.I.C. have been amazing. First, I would like to give a big THANK YOU to my parents. I would not have done all this without your support, and I love you so much. I will always treasure the memories of travel studies (Euro/Poland+Romania/Galapador/ Tanzi), the classes (WWH+INTERPOL, French, Social), Outdoor Ed, FIELD HOCKEY 11/12, REACH, MODEL UN, Mexi, HK, GYLC, Room 52 (MB), coffee runs, adventures, the infinite inside jokes, the trouble, and the late nights. To the sisterhood (MB*, ACP, HB), VP*, CL*, DN*, CB, RV, ML and anybody else I have missed, you have made my past years at W.I.C. unforgettable! W.I.C. has taught me two important things: RELAX (unless it's summative week) and make the best of everything. Brit and Kat: enjoy W.I.C.; you'll love it! "Time is Precious waste it wisely" - Anonymous My 6 years at W.I.C. have been truly unforgettable. Outdoor Ed trips kayaking and getting lost hiking in the mountains. Traveling to Europe and Asia on Travel Studies. Countless lunchtime recycling detentions. Hundreds of games in the WFHL as a member of the Waterboyz, Pylons, Prisoners, and Canucks. This includes making the finals 3 years in a row... and not winning the championship once. Dale and Dodge having the classic all graders. Going down the hill for lunch, and hanging out in The City. Mr. Cantrill's theories and life lessons. Mr. Bennett going to the visual and worrying about the glossed over look. W.I.C. has given us all a great foundation for whatever comes next and has given us terrific memories that will never be forgotten. TA LH CK BM GM BP RV BW BW

"The race is not always to the swift but to those who keep on running" - Anonymous My time at WIC has been a great one, from sports teams to drama productions to running out of gas on Deerfoot trail with Mr. Grewal. One thing I really loved about W.I.C. was the small class sizes. Having 3 people in my Micro-Economics AP class definitely made "going to the visual" a lot easier. I am sure ACP will agree that my Caterpillar costume in Alice and Wonderland was a highlight of the play. Thank you to all my friends who always kept life at W.I.C. interesting and a new experience every day. To RV I will be your Spanish buddy; sorry I didn't want to speak Spanish to you in Grade 7. Coming here new in grade ten was a bit of an adjustment, but I quickly realized that I made the right decision. The past three years have been such an amazing experience. I really appreciate the support of from my parents and the teachers for making these years more than just a learning experience, but a chance to grow. There have been countless memories both during my times in the classroom and out for sports activities. From being in Ms. Clarke's class for 5 courses (because, deep down, she knows I'm one of her favorites), to the 3 years of having Mr. Gibson as my coach. I will never forget the crazy times in provincials, away tournaments, travel studies, Friday nights with JB and IS, going down the hill too much, my honoree sister CO, dance dares with GO and the numerous original songs from Ms. Clarke.

First and most importantly, I would like to thank my parents, brother & cousin for always supporting me. A special thanks to my teachers for inspiring my love for Science, making travel studies extremely memorable & helping me with academic challenges. Thank you to my friends for making every moment at W.I.C. amazing; I will always remember our great experiences. Poland and Romania (Too Legit to quit, Kitkats & Telephone), Outdoor Education (no upper body strength, BBQ peanuts), Spanish (Revuelva la mescla), extremely long social projects, joys of miscommunication, getting "work" done in physics (PB&J, SOUP). So many memories with the best, yet so little space! Finally, thanks to everyone at W.I.C.; it has been great getting to know you from clubs to in class! Looking back on my time here at W.I.C., I wonder "is it real?" I had a really great time. Thank you to all the teachers and students of W.I.C. for making it a blast. I will always remember going five hole bar down in the floor hockey league with the Prisoners of Azkaban, or the time we won city championships in rugby. I also loved playing Bey Blades with the Doctor and always beating Gavin. To future graduates of W.I.C. : try your best to make every moment enjoyable. "Mr. Belisle joined the WIC community in August 1997, over 14 years ago. During his time at the College, Mr. Belisle's contributions have been both profound and diverse. He started out teaching French & Social studies in the Junior School and immediately established himself as a teacher who was well-respected and admired by both students and fellow colleagues.

"On behalf of the whole staff at West Island College, Boyd, I want to thank you for 14 ½ years of dedicated service to the College. Thank you for your patience, your wisdom, your attention to detail, your sense of humor, your work ethic and mostly your devotion to students and to the art of teaching. These traits will undoubtedly carry you to continued success in whatever the future may hold for you. Merci, Boyd."

"Mr. Cantrill:Yes. I would like to thank you on behalf of all the students for being such a great teacher. We always had fun in your class and you truly made learning math a breeze. We didn't just go to class to learn math, but 'because it feels good.' You were always able to lighten the mood with your punny sense of humour and we will all miss Mario at the Halowe'en Fashion Show. It is an honour to be a part of your class and we all cherish the knowledge you have bestowed upon us. To an excellent teacher who always put in the extra effort to make sure we all understood - we hope you have a happy retirement. Mr Cantrill, we will miss you!" - True Wilson, June 2012

Goodbye Mr. Cantrill & Ms. Knight & Best wishes Ms. Krachy and Ms. Gay!

"It takes a special kind of person to be a teacher; a very special person to be a teacher and a director; and an extraordinary person to be a teacher, director, and friend. Ms. Knight is this kind of person. And we both have had the pleasure of knowing her for the past five years at W.I.C. Ms. Knight has made a large impact on all of us and will be remembered for her many contributions to the community and her always-positive attitude. You will be very missed, Ms. Knight, and we wish you luck in your future endeavors. And wherever you go, just remember: 'we're all mad here.'" Hayley Brillan and Jordan Clark, June 2012

"A defining moment from my time at West Island College was stepping off an airplane in Vietnam on travel studies and realizing just how small the world really is."

- Dane Synnott, Class of 2007

"The first Grade 9 Travel Studies in Europe, when our chaperones were under the misapprehension that the city parks were open all night! After a brief consultation with the London constabulary, we were allowed to continue. But the rebellious practicality that W.I.C. taught me will always have a special place in my heart."

- Saskia Knight, Class Afloat, Prefect, & Class of 2005

"A defining moment from my time at West Island College was walking across the +15 into the Annex (now the Grant building) for the very first time."

- Alec McCauley, Class of 2008, Prefect

Yearbook Club

Defining W.I.C. moments one page at a time

This year, in typical Yearbook fashion, our members started off with loads of energy and ideas. Our productivity quickly diminished, however, as we became caught in a tornado called life. At last, we have succeeded! We, the Yearbook Club of 2011-2012, proudly present you with a book filled with memories and defining moments. We hope as you flip through this book you take a moment to think of your defining moment(s) in your time at W.I.C.

Thank you Ms. Law for working independently and efficiently on the travel studies pages. Even with your new coaching responsibilities, you still managed to balance the yearbook into your busy schedule, and we admire you for that.

Ms. Meckelborg, these past three years have been a whirlwind of ups and downs, and I need to take a moment to give you the recognition you deserve. Thank you for all of your support and dedication involved in creating past, present, and future yearbooks.

Christian, you never cease to amaze me. I am so lucky to have had you as an editor alongside me this year. Your diligence and keen eye for detail have proved to come in handy this year. Now give yourself a pat on the back. Not only have you finished the book, but your face is featured in the book more than anyone else's. Congrats on achieving your goal.

Raveen, thank you for your endless commitment to the yearbook. I know grade twelve was a challenging year for us all, and it was difficult to see the finish line, but now we can proudly say: we made it!

Mr. Fensom and Mr. Loewen, thank you for your last minute help with the clubs pages and editing, respectively.

Last but not least, thank you to our club members. Your passion for creating the yearbook is evident on every page. I feel confident passing the torch to you as future yearbook leaders. Save yourselves early: don't leave everything to the last minute ... as we did!

Stay well, everyone, and I hope you keep defining yourselves for years to come.
